CRITIS Detection date and test run

the framework, agreed benchmark and the effect to be tested before the first run.

Capture the relevant operator case, the BSI date and your own preliminary. The evaluation separates the legal comparison value from the confirmed deadline.

Legal entity, service and audit period

Specify the identifier, status, period and responsible body.

Operator case and starting point

Distinguishing for the first time, again, transition case and follow-up cycle. Confirm date, installation and output document.

Record official appointment

Capture the assigned default with date, reference and affected scope.

Maintaining the flow and supply

Calculate the early start of work. Determine test bench, delivery receipt and open questions.

CRITIS Detection date and test run

The completed case shows how the target, observation and follow-up are related.

A waterworks is considered a critical installation for the first time since 1 April 2026. The earliest comparative value is 1 April 2029. In the case of exercise, BSI sets 15 May 2029.

Test question Should or Compare Observation Decision			
Comparison value	Date of first classification plus three years	1 April 2026 confirms earliest comparative value 1 April 2029	
Official appointment	Written specifications for the annex	15 May 2029 confirmed in the model	Schedule this appointment
Pre-order 42 calendar days before date of submission		15 May minus 42 days	Start of work no later than 3 April 2029

Which result is passed

Detection plan with reliable authority records, internal audit, submission date and follow-up date.

Comparison with your own process

What is the acceptance or result of your actual data?

CRITIS Detection date and test run

Confirm the observations and place a specific order for open points.

1 Comparative value

Criteria and agreed target value observation and clear evidence

2 Official appointment

Criteria and agreed target value observation and clear evidence

3 Prelude

Criteria and agreed target value observation and clear evidence

Evaluation and open findings

Decision, deviation from the target and the performance concerned.

Follow-up and release

Enter the responsible body, due date, re-certificate and release if necessary.
